

School of Computer Science – Coursework Issue Sheet (required for each Saturn component)

Session	2023-2024	Semester	Full Year
Module Name	AE2ACE Algorithms Correctness and Efficiency	Code	COMP2048
Module Convenor(s) (CW Convenor in Bold)	Heshan Du		

Coursework Name	AE2ACE Coursework 2	Weight	20%
Deliverable (a brief description of what is to be handed-in; e.g., 'software', 'report', 'presentation', etc.)	Java program A "read me" file A report		
Format (summary of the technical format of deliverable, e.g., "C source code as zip file", "pdf file, 2000 word max", "ppt file, 10 slides max", etc.)	Please submit <ul style="list-style-type: none"> • Java program: Maze.java for question 1 and Walk.java for question 2. • a "read me" file (in pdf format, <i>optional</i>) • a report (in pdf format) At the head of each submitted Java/pdf file, you (a student) should provide your name in English and student ID. The code submission guidance is the same as that for ACE coursework 1.		

Issue Date	2023-11-20
Submission Date	2023-12-12
Submission Mechanism	Online submission via Moodle. All the files should be submitted by 4:00 pm on the 12 th of December 2023.
Late Policy (University of Nottingham default will apply, if blank)	
Feedback Date	2024-01-02
Feedback Mechanism	Comments and feedbacks will be provided via Moodle.

Instructions	You should work on the coursework independently, without any discussion with others. If you use code you found in a textbook or on the web, you must acknowledge it. We will run the plagiarism detector tools to check for similarities between submissions and web-based material. You are reminded of the School's Policy on Plagiarism.
Assessment Criteria	The marks will be given primarily based on the quality (e.g., correctness and clarity) of your program and report.
